Summary

Metal Worker with experience operating hand and power tools and shearing machinery. I am a Adaptable multi-tasker who solves complex problems with ease. I have Knowledge about machines, tools and equipment used in all sheet metal processes. Skilled Wheel Inspector/ Safety Inspector with extensive background in Quality Control. Consistently able to exert maximum muscle force to lift, push, pull and carry objects with an exceptional ability to process information, adjust controls and concentrate for long periods of time.

Highlights

- Blueprint reading
- Sheet metal drafting
- Sign fabrication
- Architectural sheet metal knowledge
- Microsoft Word, Excel, PowerPoint
- Detail oriented
- Team leadership
- Staff training and development
- Quality production
- Quality control
- Knowledgeable of quality control standards
- Safety inspections
- Materials handling trainingProduction line/assembly line forklift experience
- Machinery inspector
- Safety-oriented
- Work with operational process tools
- Able to lift up to 75 pounds
- Dedication to product quality
- Chemical processing expertise
- Inventory management
- Sales expertise
- Accurate money handling
- Team player mentality
- OSHA regulatory compliance
- Welder certificate AWS 15.1 Certified

Accomplishments

Advanced certifications in TIG, MIG and Arc welding. Certified AWS 15.1

In charge of calibrating all welding machines on all the property of GBW railcar Services.

Safety Inspector at end of shift to make sure everything was safe and sound for the next day for the operation plant. Appointed by supervisors for special tasks and large scale projects.

Promoted to wheel inspector after 6 months of employment. Promoted to safety inspector after 48 months of employment.

Experience

- May 2010 GBW Railcar Services Chehalis, Wa
to Wheel Inspector/ Safety Inspector/ Sand Blaster/Painter
- November 2016 Wheel Inspecting, Quality Control, Welding, grinding, Air arching, welder calibration of welding machines, safety inspection shutdown at the end of shifts, painted with airless pump and air pump sprayers used, general laborer, forklift operations, heavy machines operator "cranes", "scissor lift", Microsoft Excel, Powerpoint, Word, Outlook.
Laid out, fitted and fabricated metal components. Combined welding techniques, knowledge of metallurgy and engineering requirements to produce quality work. Inspected grooves, angles and gap allowances with micrometer, caliper and precision measuring instruments. Monitored the fitting, burning and welding processes to avoid overheating parts, warping, shrinking, distortion and expansion of materials. Set up equipment and welded parts according to welding chart specifications and type. Repaired and maintained heavy-duty and construction machinery. Followed all safety guidelines, including proper machine guarding and lockout and tagout procedures. Prepared broken parts for welding by properly grooving and scarfing surfaces. Inspected chains, hammers and other tools for damage or wear to prevent injuries and accidents. Positioned and clamped workpieces together and properly assembled them in jigs and fixtures.
- January 2009 Cardinal Chehalis, WA
to Glass Technician/ Laborer
- December 2009 Factory line work, watch glass go by on a conveyer belt, drill holes in glass and prepare for shipping, banding tools. Unloaded, picked, staged and loaded products for shipping.
Banded, wrapped, packaged and cleaned equipment.
- January 2002 Pro Truck & Equipment Sumner, WA
to Sales, Driver, Laborer
- December 2008 Sales of semi trailers, weld, clean up yard, inventory, paperwork, driver for the company, bank runs, parts runs, forklift driving, auto detailing. Greeted store customers promptly and responded to questions with knowledgeable service. Maintained productive relationships with existing customers through exceptional follow-up after sales. Completed documentation for product and service sales. Delivered products to customers in timely manner.

Education

- 2003 Bakersfeild Community College Bakersfeild, Ca, Usa
GED: GED
- 1999 Henry M Jackson Highschool Mill Creek, Wa, USA
High School Diploma: HSD
Left highschool after my mother passed away, and later finished my GED at Bakersfield Community College.
