## Morgan R. Yates

600 Ham Rd. Centralia, WA 98531 (360)-431-5849 morgan.r.yates@gmail.com

## **Work Experience**

Independent Business Owner

May 2012-Current

Work self-employed to teach families an understanding of finances, develop and execute a plan to help them meet their goals to become financially secure, debt free, and on track to retire through risk-free investment platforms.

Innovative FlexPak Inc.

June 2016-November 2016

Manager: Angie Walthers (208) 353-0863

Ending Position: Head Line Operations Technician

Duties: Manually change out and adjust production equipment for the 6 different types of bottles used in the facility, and then produce at the highest rate and level of quality possible. Systems cleaning. Shipping/Receiving/Warehouse duties with forklift. Supervision over most other employees. My efforts and abilities helped the production capability to triple, significantly reducing overall cost of production, increasing profits.

WesTower Communications, Inc.

May 2013-August 2015

Manager: Warren Taylor (360) 261-2038

Ending Position: Foreman

Duties: Construction and maintenance of the wireless communications infrastructure. Work is done on cell phone towers or on building rooftops, at heights up to 1,000 feet. Carriers: Verizon, Sprint, AT&T, T-Mobile, XM Radio, Clear-wire, and others. Work includes leading a crew for structural steel, welding, crane/hoist rigging, electrical, painting, diagnostics/testing, interpret blueprints, warehouse organization and inventory upkeep, material acquisition and delivery, reengineering to make plans functional and site-specific, with strict adherence to safety policies and operations procedures.

The Church of Jesus Christ of Latter-Day Saints June 2011-May 2012 Volunteer Full Time Missionary in Brazil, which included leadership positions, event planning/execution, teaching and service opportunities, and public speaking obligations.

Airgas Dry Ice

June 2009-May 2011

Manager: Dave Motherway (503) 366-1882 Ending Position: Graveyard Shift Leader

Duties: Understand facility processes and mechanics to maintain proper production of 20-25 tons of dry ice each night. Handle work crew, shipping/receiving of trucks, production of customer orders on schedule, and repair of anything that may break or otherwise go wrong in the system, as there was no on-site night mechanic, including welding. During my time as the shift leader, our team produced more product per hour, at a superior quality, and did so while generating the least waste compared with other shifts. Safety was always the top priority, and there were 0 incidents or near-misses during this time, effectively proving our shift the safest, as well as most efficient.

## Education

Lower Columbia College Associate's Degree - June, 2008 1600 Maple Street PO Box 3010 Longview, Washington 98632 (360)-442-2000

## **Other Noteworthy Information**

I have achieved the rank of Eagle Scout as awarded by the Boy Scouts of America. While scouting, I served as Senior Patrol Leader (highest leadership position available) for 3 years, overseeing 50+ scouts. I was the only team captain of my high school wrestling team, and placed 6<sup>th</sup> in the State Tournament my senior year. I continued five years as a wrestling coach at middle school and high school levels, both in head coach and assistant coach positions. I speak Brazilian Portuguese and moderate Spanish. I have extensive computer skills, accurately type 60 WPM, and 8000 KPH for data entry.

Sidenote: I realize my resume doesn't show me as a long-term employee, however, I have always done a great job for my employers and they have not been happy that I have needed to leave. I have only left jobs when it was necessary to move to a new location, and now my wife wants to settle down in this area, so I am looking for permanent long-term work.
