Braun Northwest Inc.  
Director, Human Resources  
150 Northstar Rd  
Chehalis, WA.98532

I'm writing to you today with much interest for the position of Assembler at Braun Northwest Incorporated.

In reading the scope of the Assembler position on the company website, I possess the skillsets needed to be a quality member of your team.

With 21 years in the commercial building trades, working in the greater core area of Seattle, I have operated and used equipment and power tools that would serve this position. I have worked on projects crawling in tight spaces on the ground and overhead. I'm physically in good shape, have excellent communication skills and work very well in a team or group environment.

My attention was caught when reading the company website about the levels of quality and craftsmanship.

If the position is filled, I completely understand and appreciate your time.

If you have other questions, you can reach me on my cell phone.  
480-203-4019

Thanks so much for your time.

Rich Rotter
