## Job Objective

I intend to work hard to complete any tasks that have been assigned to me while promoting an efficient, safe, and positive work environment. I enjoy working with my hands, learning, growing, and challenging myself to take my work to the next level. I consider customer service a top priority whether that takes place in person or behind the scenes. I am convinced that everybody collectively plays an important role in the end result of any company's product with the goal to meet or exceed customer expectations. Therefore, my job objective, by the grace of God, is to do my very best in the role assigned to me, in order that I may fulfill my part in the final product being given to our customers.
