Hiring Manager
Braun Northwest, Inc.
150 North Star Drive
Chehalis, WA 98532

Dear Hiring Manager:

I am writing to apply for the welder position with Braun Northwest, Inc. I have multiple welding certifications along with eight years of on-the-job welding experience. My technical skills are excellent and I have expert knowledge of the tools, metals, and procedures necessary in modern welding techniques.

I am a team player and a born problem-solver. In addition, I have a flexible schedule and can travel to various job sites. Not only do I have in-depth welding knowledge, I am precise and pay attention to detail. I have been praised by employers and clients for my impeccable and professional work. I would enjoy the opportunity to bring these qualities to Braun Northwest as your newest Welder.

I am sure you will find me to be more than qualified for your Welder position. Please contact me by the phone or email listed above at your earliest convenience to arrange a phone interview as I will not be in Washington until February 17th but will be available for work as of that day. I look forward to speaking with you and thank you for your time.

Sincerely,

Zack McKinley
