

**Erik Hans Rasmussen**  
Carpenter, 4th Year

**lookrad@gmail.com**  
(360) 520-1726

**Carpentry Apprentice (Non Union)**  
**October 2014 - May 2016**

**WA & CA**

---

**GAC Construction LTD.** (360) 880-6850  
**July 2019 - Present** Mossyrock, WA

Foundation to finish carpentry including concrete, framing, siding, truss, roofing, window & door

As a carpentry apprentice for several companies in Washington State and California, I learned to perform: Interior and exterior construction including framing, structural building, roofing, interior & exterior finish work including decks, stairways, beam supports, wall framing, drywall installation and other common remodeling and building techniques.

---

**El Dorado Truss Co.** (530) 622-1264  
**August 2017 - October 2018** Placerville, CA

Truss Design using Mitek Software. Interpreting construction documents and notes into production ready Truss Designs. Communicating with clients including Architects, Engineers, Contractors and homeowners. Preparing truss designs for shop ready printouts and engineering packages.

Contractors worked for include:

**Heritage Builders NW, LLC in Poulsbo WA**  
(360) 779-1464

**Paladin Remodeling, LLC in Federal Way, WA**  
(253) 254-5406

**Straitedge Construction in Fife, WA**  
(253) 606-6657

---

**RAD Building Co,** (360) 520-1726  
**January 2016 - August 2017** Plymouth, CA

I started my own handyman business in 2016. As a sole proprietor, I handled client acquisition & marketing, Interior & Exterior residential carpentry and finish work, CAD drafting of decks, additions, custom furniture, home design, and interior design layout.

---

**The Mountain Democrat** (530) 622-1255  
**January 2013 - January 2014** Placerville, CA

At the Mountain Democrat, I was tasked with designing and laying out text and images for newsprint. My responsibilities included: Designing and laying out newspaper content and advertisements using Adobe Photoshop and Adobe InDesign; Preparing production ready print documents for pre-press and proofing; Worked with Advertising Sales representatives to make revisions to graphics and copy according to client requests

---

**Community Rebuilds** (435) 260-0501  
**May 2016 - August 2016** Gunnison, CO

I took four months to intern with Community Rebuilds, a nonprofit organization based out of Moab, UT to learn how to build strawbale homes. Internship responsibilities included: 3D CAD design of interior furniture, vanities, tables, chairs; carpentry, concrete and formwork, finish work, earthen plasters & strawbale home construction & Advanced framing methods for a 3 story duplex at 10,000 feet elevation in Gunnison, CO.

---

**AppleCare** (916) 394-2600  
**October 2008 - October 2010** Elk Grove, CA

Providing phone based Macintosh software & hardware technical support for consumers & professionals while logging & analyzing customer data; Measuring team metrics and gave presentations; Creating internal marketing materials and training presentations for new hires; Assisting managers in evaluating team members; Helping organize and administrate internal company events

Myself and eleven other interns lived together in a 4 bedroom house without fighting while cooking, cleaning, organizing, and cooperating to build a beautiful 3 story duplex in Mount Crested Butte, Colorado. Community Rebuilds is by far the best immersive construction program that you can find in the United States, and the experience built my personal and professional confidence immensely.
