

Hello,

I am writing to express my interest in the Assembly position listed on the Braun NW website.

Working with my hands is something I have always enjoyed - from working in landscape construction to being a rural mail carrier for 17 years to being a musician since I was a young child. This also carries over to the hours I've spent being my own mechanic as a means to maintain my job and for personal enjoyment with project cars. I take much pride in the work that I do and always try to perform at the highest degree that I can.

Although I am presently employed by the USPS I am looking for long-term, permanent work as its replacement and am available to start at any time.

Thank you for your consideration. I look forward to hearing from you.

Sincerely,

Derek M Johnson Love
