To whom This letter may Concern,

Two years ago, at a career fair at Centralia College, I was approached by a representative of Braun Northwest. I was told I appeared to be just what the company was looking for, but I was not seeking employment at the time as I wanted to continue pursuing my degree. I never forgot about Braun and have thought very highly of it since. I recently learned that your company has positions open for hire, and I would like to be considered for those positions. I am an honest, clean cut, hard-working, family man, and I am drug free. Other than those basic traits, here is what I feel I can bring to Braun.

- 5 years of fast paced production and manufacturing experience, as well as 8 years of logistical warehouse operations experience
- 5 years of military training and experience carrying vast amount of skills within my capability.
- 7+ years of customer service and public relations experience
- The competency and experience to run machinery and tools in all sorts and types, with efficiency and safety in mind.
- Excellent written and verbal communication skills
- A deep passion with learning new skill sets and advancing my professional career

I have attached a resume with this cover letter, and I feel that I meet the requirements and qualifications for the positions currently available. I was excited to see that Braun was hiring again and would like to discuss an employment opportunity further. If my qualifications match what Braun is looking for, I would love to speak with a representative regarding employment. I can be reached at (360) 480-4424. Thank you for your time, and I hope to be in touch soon.
