Work Experience

Production Worker

Stimson Lumber Company - Clatskanie, OR

Present

As a production worker at this specific sawmill, we are expected to pull wood off of the chain as well as stack into uniform units, keep up with pace of chain with high volume, oversee safety of ourselves and others according to OSHA laws and policies. My personal experience at this position has consisted of an early review and promotion after only 4 months and has helped me learn to be flexible as well as outspoken.

Sales Associate/Cashier

The Home Depot - Longview, WA

March 2018 to October 2019

At The Home Depot, I started as a cashier which was a lot of one-on-one and cash handling experience. I was in previously mentioned position for 9 months until I was moved to the flooring sales team. As a member of the flooring team, we were expected to clean, restock, customer interface, OSHA compliance, back-up train for neighboring departments as well as machinery operation. For a period of time, the department was without a supervisor and so, those responsibilities were passed on to a coworker and myself. The responsibilities included safety checks, inventory checks, special access to on-hands, increased mark-down authorizations, clearance control, and we also implemented new procedures in inventory tracking.

Team Member

Manchester Brothers - Longview, WA

July 2017 to March 2018

Manchester Brothers was a small local appliance store and as a team member, our tasks and responsibilities were extensive. Personally I was tasked with janitorial clean-up, schedule writing, receiving inventory, counting inventory, delivery and installation, creating our advertisements and promos, cash handling, learning to drive a box truck, and many other small day-to-day operations.

Education

High school diploma
