EXPERIENCE

Allserv | Bayview, WA

March 2017 - August 2019

- Authorized to work in the US for any employer Exterior Building Washer, Chemical washing of buildings inclusive with roof maintenance, roof restoration and preservation of the buildings exterior including interior/exterior window and glass cleaning.
- During the winter/spring seasons our work changed to chimney cleaning and preservation.
- After I was moved to a single person crew and given a company vehicle my tasks were to negotiate bids and pricing for current and potential customers after inspection of the house, after which i would log the info, set the date/time for the job and upon completion write then exchange the receipt for payment and finally log the work.

Interior Painter Island Construction | Coupeville, WA

May 2015 - January 2017

- Interior house painting and masking, my job before any work could commence was to safely and diligently mask the interior of the house depending on the space of the job it could be 1 room to an entire house including door knobs, flooring, immovable structures and windows.
- The steps i took for preparation made the job easier for the crew to keep pace with deadlines and allowed accidents to be minimized all while protecting the clients property.
- High school or equivalent.

Pest Control Specialist

February 2020 - August 2020

Fox Pest Control | Buffalo, New York

- Determined sources of infestations and extent of damage by thoroughly inspecting homes, businesses, and schools.
- Established optimal strategies for handling pest control needs based on building layouts and property characteristics.
- Checked outside of buildings for signs of pest activity, removing webs and breaking up bee nests.
