RE: Assembler/Final Assembler

Dear Recruiter,

The depth of experience I can offer will contribute to your leading industry position. I'd love the opportunity to help take Braun Northwest to the top of the field.

Previously, in my Regional Technical Specialist role, I exercised a calculated and methodical approach to problem solving. I am independently motivated, yet I appreciate team efforts and collaborate productively within groups. Additionally, I am knowledgeable in a production assembly environment, building dental chairs and lights. I also have over 40 years of mechanical experience, ranging from welding fabrication to automotive restoration.

Because my professional goals align with Braun's mission and values, this opportunity is especially exciting. I believe my critical thinking, problem-solving and teamwork abilities will support and drive your continued organizational success.

I'd be happy to provide greater detail about my skills and experience during an interview. Please call me at your earliest convenience.

Sincerely,
Terrence Hofferber
