Education

Linn-Benton Community College **2012**
AWS Welding Fabrication Technology Associate of Applied Science
Machine Tool Technology One-Year Certificate

Clatsop Community College **2010**
Associate of General Studies
AWS 1 year Certification in Welding Technologies

Weld Processes Cumulative Work Experience

- TIG - 3 years
- Stick - 6 years
- MIG - 10 years

Work Experience

Lead Fabricator **12/2018 - 11/2020**
Bailey Nurseries, Inc. - Sauvie Island, Oregon

- Use TIG processes to fabricate and modify aluminum and stainless nursery equipment
- Hand drafting technical specifications for equipment parts
- Use MIG/stick processes to assist in maintaining equipment operations by completing field and shop repairs of machinery
- Keep track of welding consumables and place orders with suppliers as needed

Contract Welder **5/2017 - 12/2018**
Self Employed - Portland Metro Area, Oregon

- Gil Trading, Wastewater Weir Washer Manufacturing - Use TIG processes to build stainless steel wastewater treatment cleaning systems, produced cleaning system prototypes
- Metal Works LLC, Custom Metal Design and Fabrication - Fabricate custom handrails, guardrails, and fire pits for commercial and residential spaces
- Ruby Vineyard, Commercial Vineyard - Repair stainless steel wine tanks, modify vineyard equipment to meet production needs
- Kramer Vineyard, Commercial Vineyard - Repair stainless steel fermentation tanks
- Cray Watersports, Aquatic Equipment Manufacturer - Assemble and weld thin gauge aluminum parts for production orders

Structural Welder**6/2016 - 9/2016**

Initiative Engineering - Christchurch, New Zealand

- Weld structural pile casings on site for motorway overpasses
- Fabricate essential tools and implements for the main shop
- Ensure newly implemented health and safety standards are maintained at all work sites

Fabricator**3/2015 - 10/2015**

Midland Livestock - Boulder, Wyoming

- Build steel irrigation head gates
- Repair and reinforce farm equipment and stock trailers
- Operate agricultural machinery

Fabricator/Welder**3/2013 - 2/2015**

Marks Metal Technologies - Clackamas, Oregon

- Interpret technical drawings and fabricate projects to specification
- Use both FCAW dual shield wire and GMAW solid wire processes
- Operate manual lathes and milling machines for small parts production
- Paint finished products using a pneumatic paint sprayer

Heavy Equipment Welder**6/2012 - 3/2013**

Pape Machinery - Portland, Oregon

- Inspect and repair structural damage to machinery
- Repair forestry and construction equipment implements
- Create templates for fabricating new implement attachment points
