Conejo Valley High (Continuation)
August 2002 to June 2006

Skills

CNC, Inspection, Quality Control, Manufacturing, Maintenance

Certifications and Licenses

Driver's License

Additional Information

I have been a machinist for the last 8 years and would like a change of pace. I am looking to enter into a maintenance position where training is available. I am very reliable and trainable and take direction well with little to no need for supervision once established.
