To Whom It May Concern:

Jill Lilithcleopatra was a student of mine for a number of classes in the Engineering and Technology Management Program at Portland State University. During that time, I've had the opportunity to get to know Jill regarding her dedication towards completing her advanced degree. She was always quick to ask questions which enabled her to explore deeper on certain topics and various project management applications. Her coursework demonstrated her attention to detail and her commitment to doing her very best.

Jill demonstrated her capabilities and project management knowledge multiple times while working on team projects and in completing individual assignments. She often served as the team lead to organize and coordinate projects and took an active role to deliver the task results in the form of presentations and team reports.

I highly recommend Jill for any position that she may be applying for in her field of study and related work experience. I believe she would be an asset to any employer. Should you have further questions, please do not hesitate to reach out to me at 503.481.1538.

Regards,

Jeff S Busch PMP  
Sr. Project Management Consultant  
PSU Adjunct Professor
