Braun Northwest hiring team,

14 June 2021

I am applying for your Project Coordinator position or any other possible Supervisor or Management role you may have at your Chehalis location. I have spent the last seven years as a Maintenance Supervisor in the wood industry. Prior to that I managed personnel and maintenance on aircraft in the United States Air Force. I am very skilled with managing projects or people through multiple requirements and/or challenges to completion.

I have great people skills and understand Maintenance concepts of all types. I am dedicated, focused and detail-oriented with abilities to lead, encourage and develop personnel to accomplish any task at hand. I look for and encourage pride and initiative to build cohesive teams. I can adapt quickly to new situations and bring many additional skills to the table wherever I work.

Please consider my application and resume as you look to fill a critical role in your business. I can be reached at the above contact information at any time.

Thanks!

Chris Palmer
