*La Center, WA*  
High School Diploma (May 2018)

## ADDITIONAL SKILLS

Lathe and Mill operator  
Experienced welder, MIG, TIG,  
ARC, Oxy-Acetylene

## EXPERIENCE

### Self Employed

*Custom Automotive Restoration and Repair, Kelso , WA / Jan 2020 - Present*

- Restored multiple classic cars from various conditions to full or near full restoration depending on what the client wanted
- Restored many classic cars, to name a few; 1969 Chevy Chevelle, 1973 Plymouth Duster, 1967 Ford F-100 SWB, 1969 Mustang, Multiple 1971-3 Plymouth B-Bodies, 1978 Camaro, etc.
- Full paint and body on several cars, including; 1969 Mustang, 1996 Mustang, 1973 Duster, and partial paint on a 2008 Scion
- Rebuilding transmissions, some to stock some for heavy duty or race applications. Mostly Ford and Mopar automatic transmissions
- Performing routine maintenance on customer vehicles, usually brake jobs, fluid change/flushes, windshield replacement, paint repairs, and engine part replacement
- Any work that a vehicle needed, I would perform, other than taking certain upholstery items into an upholstery shop.

### HVAC Technician

*JRT Mechanical, Battleground, WA / Jan 2019 - Jan 2020*

- Installing HVAC systems in commercial and industrial buildings. Including but not limited to; duct work, refrigerant lines, mini splits, and rooftop units
- Fabricating duct work from scratch to fit unique circumstances or last minute changes to the blueprints
- Reading and properly executing the engineering designs from blueprints and 3D rendered models
- Operating heavy equipment such as boom lifts, scissor lifts, and boom fork lifts
- Effectively communicating with multiple other crews and contractors to run multiple systems through small spaces

### Shift Manager

*McDonalds Restaurants, Battleground, WA / Mar 2017 - Jan 2018*

- Running the floor, assigning crew and other staff to the positions that will suit them best
- Making sure customers leave happy, experience minimal wait times and are always given fresh food
- Placing all orders for supplies, monitoring all stock that

comes into the store and making sure we had what we needed at any given time. This meant I was in charge of preparing for city events that increased our traffic, making sure to have extra stock ready without increasing wasted food

- Maintaining a clean and streamlined work environment, enforcing all workplace, OSHA and labor laws and making sure everything is done safely within the store
