

Experience

- *Emergency Response Technician, US Ecology | Seattle, WA | May 2021 – February 2022*

Responded to spills and HAZMAT releases as a member of a hazardous materials response team. Provided 24/7 emergency responses on a rotating, on-call basis. Acted as On-Site Lead and primary point of contact for major industrial services contract. Coordinated with partner companies and agencies within the IC system to successfully resolve incidents for clients. Provided on-the-job training to employees in industrial services and emergency response settings.
- *Newman Scholar, Gonzaga University Honors Program | Spokane, WA | August 2020 – December 2020*

Led remote in-class discussion group for freshman Honors students. Worked remotely with team of student leaders and professors to prepare discussion materials and provide regular assessments of student participation. Facilitated productive discussions on a variety of social and political issues, with an emphasis on critical approaches to the history, culture, design, and politics of urban areas.
- *Volunteer Firefighter, Gallinas Volunteer Fire Department | Las Vegas, NM | January 2017 – August 2019*

Responded to fire and rescue incidents as an active member of a volunteer fire department. Participated in trainings on scene size-up, incident command, pump operations, structural firefighting, wildland firefighting, hazardous materials operations, low-angle rescue, etc. Employed the ICS system to organize effective emergency responses with partner agencies and fulfill mutual aid agreements. Engaged in outreach programs to residents of the surrounding community.

Skills

- *Qualitative Research*
 - Successfully applied qualitative research principles to complete honors thesis
- *Analytical Writing*
 - Experience writing case briefs, position papers, research papers, and incident reports. Provided training to volunteer firefighters on writing report narratives and filing incident reports.
- *Project Coordination*
