

SHAD A. GUENTHER
123 Ivy Dale Lane, Chehalis, WA 98532
Phone: 360-269-1651
Email: ShadGuenther@gmail.com

OBJECTIVE:

My objective is to gain full-time employment in the welding industry with a reputable company.

EDUCATION:

- Centralia Community College, Centralia, Welding Program, September 2018 . March 2020.
- W. F. West High School, Chehalis, 2018 Graduate. Besides general studies, I took basic, intermediate and advanced welding at the high school level, along with other industrial classes.

CERTIFICATIONS:

I have obtained the following Washington Association of Building Officials (WABO) Certifications in Structural Steel:

- SMAW Plate, all positions, unlimited thickness, F4 and lower, 1/8+and over, with backing.
- GMAW Plate, all positions, 1/8+to 3/4+, with backing.
- FCAW Plate, all positions, unlimited thickness, 1/8+and over, with backing.
- GTAW Plate, all positions, 1/8+to 3/4+, with backing.

SKILLS:

- Proficient setting up an oxy acetylene rig for cutting and welding. Very familiar using an oxy acetylene track burner, along with knowing how to change out parts, tips, tanks, and regulators.
- Experience running a metal lathe and beveling pipe on a metal lathe.
- Experience running a heavy duty metal sheer that has the functions of a nibbler and a punch.
- Experience using a light duty metal sheer for cutting gauge metal.
- Experience setting up and using a plasma cutter.
- Experience using a drill press.
- Efficient at reading a tape measure.
- Know how to use most hand tools such as wrenches, grinders, drivers, and cutoff wheels.
- Practiced a 6G pipe test with the SMAW process.
- Practiced a seismic connection limited access welding test.
- Experience using and setting up the SMAW, GMAW, FCAW, GTAW, and inner shield welding processes, along with doing maintenance/changing out parts and consumables on these machines.
- Experience welding the following metals: low carbon steel, stainless steel, aluminum, cast iron/aluminum.
- Basic understanding reading a blueprint and blueprint symbols.
- Experience and basic understanding on how to operate an auto CAD program.
- Understanding OSHA regulations and basic safety precautions.

WORK HISTORY:

- Elite Mobile Units, Chehalis, WA . May 2021 . Present.
- Anderson's Fabrication, Centralia, WA . July 2020 . August 2021.
- Hassler's Auto Body, Napavine, WA . 2016 . July 2018, and September 2018 . July 2020.
- Les Schwab Tires, Chehalis, WA . July 2018 . September 2018.
- Benny Sandrini Construction, Chehalis, WA . 2013 . 2016.
