Experience

INSIDER | DOMINO'S PIZZA | 05/2021 – 06/2022

- I was able to provide quick and efficient service while multitasking. Within a few months of working, I was already a candidate for a management position and was left in charge when managers would be out of the store. I was able to work up to the company standard in an often high stress work environment. I was also put in charge of training new hires.
