**Braun Northwest, Inc.**

Employer  
150 North Star Drive  
Chehalis, WA 98531

Dear Braun Northwest Employer,

I am writing to you to apply for the Automotive Paint Prep position. I was informed about this job by my teacher, Nathan Price, in the collision repair program at New Market.

I am currently a senior at Centralia High School. I plan to work straight out of High School full time. Right now I am currently a lifeguard at Great Wolf Lodge, I am looking for a new job that can utilize my skills I have learned at New Market. I have some experience working in the shop. Qualities I will bring to Braun NW is being a good communicator and listener. I learn very quickly and can assure you that I am a hard worker.

In line with this job, I can promise you that I can carry on the job responsibilities of being an automotive paint prep and you would not regret your decision considering me for the position.

Thank you for investing your time into reading this. I have attached my resume as well.

Sincerely,

**Alex Carpio**
