To  
Hiring Manager  
Dear Sir/Madam

I am writing to express my interest in interviewing for the position of Welder & Fitter. I am confident the skills and abilities I've honed during my over ten years of experience as a Welder & Fitter can be an asset to your organization.

During my professional experience at Sunrise Welding I specialized in Mig and Arc welding and became proficient in the corresponding welding tools. I also have a welding certification From Liberty Technical Institute. I think the combination of my education and experience make me a great fit for Synergy Welding.

The following are the highlights of my qualifications and achievements:

- Routinely analyzed blueprints and diagrams in order to make the visions of the designer a reality
- Analyzed and selected source metals based on company quality control policies
- Earned welding certification from Liberty Technical Institute
- Learned principles, tools and techniques of MIG and ARC welding.

In addition to these achievements, I think my love for working with my hands and my dedication to detail are two qualities that set me apart from other candidates. My experience at Sunrise welding has helped me hone my problem solving skills and has made me a great active listener. I'd love to discuss the opportunity to bring my skills to Synergy Welding in an interview.

Yours sincerely

ISMAIL HOSSAN
