WORK HISTORY

February 2020 - August 2023

Combat Medic (68W) *United States Army*, Joint Base Lewis McChord, WA 98433

- Recognized and treated medical conditions with proven techniques, equipment and knowledge of medical and military protocols.
- Acted as team leader and took responsibility for scene and unit management to maximize integrated support of patients.
- Perfected careful handling, lifting and moving of patients from point of incident to stretcher, ambulance or helicopter.
- Demonstrated knowledge of pharmacological agents and safely administered medications in stressful field settings.
- Motivated and trained squad members to become proficient with equipment and daily tasks.
- Established and enforced medical standards for over 100 Soldiers.

August 2018 - November 2018

Wildland Firefighter *Alpine Fire*, Reno, NV 89501

- Cut and cleared brush and dug trenches to create fire lines using axes, chainsaws or shovels.
- Patrolled burnt areas after fires to locate and eliminate hot spots that could flare or rekindle.
- Oversaw equipment and vehicle upkeep to maintain emergency readiness.

- EMT - Certified Emergency Medical Technician

- Operated pumping engine to direct water pressure in hose and nozzle for most efficient operation.
- Established water supplies, connected hoses and directed water onto fires.
- Laid and connected hoses, held nozzles and directed water streams as part of fire suppression activities at active scenes.
- Evaluated situation at emergency sites to determine and execute most effective methods for saving life and property.

November 2015 - January 2018

Arboriculture Climber *Tree Works*, Mt. Shasta, CA 96067

- Maintained, inspected and safely operated specialized equipment such as hydraulic aerial lift trucks, hand and power saws, compressors, wood chippers, winches and stump cutters.
- Assessed tree health and potential public danger, addressing safety concerns and mitigating risks through targeted limb removal.
- Climbed trees of varying heights using rope, saddles, spurs, ladders and aerial hydraulic lifts to safely prune or remove where necessary.
- Responded to emergency calls to remove damaged limbs and trees during wind and snow storms, collaborating with power crews to restore electrical services where necessary.
- Followed safety protocols in accordance with OSHA standards and good practices for tree care.
- Identified plant diseases and researched methods for mitigation.
- Proven ability to learn quickly and adapt to new situations.
- Worked effectively in fast-paced environments.
- Trained 4 new employees to learn new systems, apply best practices and comply with protocols and regulations resulting in zero related injuries.
